PROFESSIONAL SUMMARY

Enthusiastic Web/UI Designer creating digital graphics, icons, banners, and responsive assets for websites and campaigns. Skilled in design principles with Adobe Creative Suite and Figma. Collaborates with developers and UX leads, contributes ideas in brainstorming, and prepares optimized cross-device assets. Passionate about sustainability and supporting the vision of Net-Zero Emissions by 2050.

EXPERIENCE

UI Graphic Designer

Jun 2023 – Dec 2024

PlasmaWay (Remote)

Kamloops, BC

- Designed responsive UI, digital graphics, icons, and banners to support website content, UI/UX, and digital campaigns; improved engagement by 12% and reach by 20%.
- Created prototypes, storyboards, and mockups; supported developers and UX leads in integrating design assets into websites and applications.
- Prepared and exported optimized assets for cross-device performance (desktop, mobile, tablet).

3D and Digital Designer

Jun 2024 – Jul 2025

Fabutek (Lev-Son Construction Ltd.)

Kamloops, BC

- Produced digital visuals and web-ready graphics aligned with brand guidelines and visual standards; delivered 50+ accurate assets with zero design errors.
- Contributed fresh design ideas in brainstorming sessions; supported day-to-day departmental tasks and maintained visual consistency.
- Organized files and optimized exports to improve developer handoff, reducing turnaround time by 20%.

Visual Design Specialist

Jan 2020 – Aug 2022

Aroun Biotech Equipment

Tehran, Iran

- Created digital layouts, campaign graphics, and imagery; applied layout, color, and typography principles with responsive and accessibility practices.
